7C Solarparken AG: resolves public share buyback offer at a price of € 1.85 per share

Bayreuth (pta039/10.11.2026/20:55 UTC+1)

The Management Board of 7C Solarparken AG, on the basis of the authorisation granted by the Annual General Meeting on 2 June 2026 to repurchase shares in accordance with Section 71 (1) No. 8 German Stock Corporation Law, resolved today, with the approval of the company's Supervisory Board, to repurchase up to 1,735,000 shares of 7C Solarparken AG (approx. 2% of the share capital) as part of a voluntary public share buyback offer addressed to all shareholders.

The acceptance period begins on 17 November 2026 and ends on 3 December 2026, subject to an extension. During this period, the company's shareholders can tender their shares to 7C Solarparken AG at a purchase price (excluding incidental acquisition costs) of EUR 1.85 per share. The purchase price corresponds to a premium of around 7 % on the relevant average price on the ten trading days prior to the resolution.

The share repurchase tender document will be published shortly on the company's website at https://www.solarparken.com in the Investor Relations – Share Data – "Public share repurchase offer 2026 II" section as well as in the German Federal Gazette (www.bundesanzeiger.de).

With the buyback, the company aims to increase the value per share and still has sufficient financial resources for further growth.

The current share buyback programme 2026, which was resolved on 4 August 2026, will be ended today as a consequence of the public share buyback offer.
